

# Changes to the VA Pension Program Coming October 18

## *Protect Your Life Savings!*

REGISTER FOR OUR FREE WORKSHOP NOW

Changes to the laws governing eligibility for the VA Pension Program go into effect on October 18th. ***These changes will make it more difficult to qualify for the Aid & Attendance Pension Program. Eligibility for the program may be denied for up to five years*** if asset transfers are made improperly during the new three-year look back period.

We consider it an honor to help veterans qualify for pension benefits and receive the long-term care they need without losing all of their life savings. **We urge you to register for one of our FREE workshops:**
